

**ABOUT LIVEU**

LiveU is driving the live video revolution, providing live video streaming for TV, mobile, online and social media. Let your audience become part of your story with high-quality and flawless live video, transmitted from anywhere in the world, through the use of our patented bonding and video transport technology. LiveU creates a consistent bandwidth and a reliable connection so you can acquire, manage and distribute high quality remote live broadcasts over IP.

Our broad portfolio of products sets the industry standard for live video production. From backpacks to smartphones, and satellite/cellular hybrid to external antenna solutions, LiveU offers a complete range of devices for live video coverage anytime, anywhere. In addition, LiveU offers extensive cloud-based management and video distribution solutions.

With over 3,000 customers in 100+ countries, LiveU's technology is the solution of choice for global broadcasters, online media, news agencies, production companies, and social media.
